15-month Plan of Study

Our 10 course, 30-credit degree can be completed in just 15 months by taking 2 courses per quarter for 5 quarters. Students wishing to pursue this 15-month course of study should register for courses according to the following plan:

Quarter 1: ECON 641: Microeconomic Analysis and ECON 643: Empirical Analysis I
Quarter 2: ECON 642: Macroeconomic Analysis and ECON 644: Empirical Analysis II
Quarter 3: ECON 645: Empirical Analysis III and ECON 671: Economics of Health Care
Quarter 4: ECON 672: Program Analysis and Evaluation and ECON 673: Information, Game Theory and Market Design
Quarter 5: ECON 674: Economic Analysis of Law, and ECON 675: Environmental Economics

Students who would like to follow a different plan should consult the program’s director to minimize the potential for unexpected complications.
